

## THE SHOW

**Name of the Show** : KAAN

**Show Concept** : A Spectacular Cinematic Live Experience

Inspired by famous Thai literatures, including *Ramayana*, *Prince Apai Mani*, *Krai Thong* and many more, the show seamlessly combines these epic stories into one which is beyond imagination. Storytelling told through the use of world-class technology and special effects will let audiences experience a never before seen adventure that is ... **'KAAN'**.

All aspects of the 'KAAN' show is controlled by our state-of-the-art computer system, designed especially for the show. The combination of advanced CGI (Computer-generated imagery) motion picture quality animations with animatronics puppets, the biggest animatronics puppet being a staggering 8 meters tall, together with more than 300 of our professional artists, performers and crews told over a show period of 90 minutes, will truly leave audiences breathless.

***"Audiences will experience the adventure firsthand as the story unfolds,  
with Kaan, the lead character. They too will be taken for a thrill ride,  
from flights over mountain tops to the depths of the ocean,  
and into famous battle scenes between god-like giants and warrior monkeys,  
as if they too were a part of this unforgettable battle !"***

### **Production Team :**

All aspects of show production, design and choreography were developed by Thailand's forefront teams, including :

- **Sanookdee Thaweessuk** : Creative services, catering fun.
